Belinda B: That is an amazing idea and program.

Ranti Junus: I'm really taken with the idea of cataloging your expert folks in order to bring out library resources related to the subject area of those experts. I think that's a brilliant idea.

Lauren Schiller: @Ranti I've always thought that the job of the librarian is not to always know the answer, or even to know where to find the answer, but to know who to ask when you don't know, so cataloging experts sounds like a great idea
